16.800 / 38.100 / 26.385

- The transparency between the seat and backrest lends an air of lightness to the model and opens up the front and back view.
- Adjustable backrest and side sections widen the seat and side sections by 10 cm. This creates 2 seat depths and makes the seat wider.
- Different floor plan options for large and small-sized rooms.
- Fine felled seams emphasise the clear design language.

- 2 seating comfort options: Classic or Lounge
- 2 back cushion sizes per model.
- 2 seat heights 41 and 44 cm.
- Aluminium frame, fine-grain, matt powder-coated in RAL 9017 Traffic black, RAL 7044 Silk grey or RAL 7022 Umbra grey.
- Mix & match combination of seat frame, seat and backrest cushions. This makes a three-way combination possible.
- Each element can be free-standing.
- 8 mm wide felled seams.
